

NUEVA ELEVATE

MENTAL FLOW. LESS NOISE. BETTER FLOW.

Nueva Elevate is a system-led enhancement formula designed to support how your mind and body work together.

It helps reduce everyday mental noise and support smoother mental flow, so thoughts feel more organized, attention feels freer, and performance feels more natural, not forced.

Formulated with Dihexa, Tesofensine, and BPC-157, Elevate supports mental bandwidth, reduced food-related distractions, steady mental energy, and resilience during busy days.

KEY BENEFITS

MENTAL FLOW

Supports a smoother mental rhythm so thoughts feel more organized and less scattered throughout the day.*

REDUCED FOOD NOISE

Helps quiet everyday food-related mental distractions so food takes up less unnecessary mental space.*

ELEVATED FOCUS & PERFORMANCE

Supports clear thinking, learning capacity, and mental adaptability during demanding days.*

STEADY MENTAL ENERGY

Supports even, sustained mental energy without jitters, crashes, or feeling wired.*

RESILIENCE & RECOVERY SUPPORT

Supports the body's natural recovery processes so performance feels steadier and more sustainable over time.*

NUEVA ELEVATE

WHO IT'S FOR

Nueva Elevate is designed for people who are mentally busy, not unfocused.

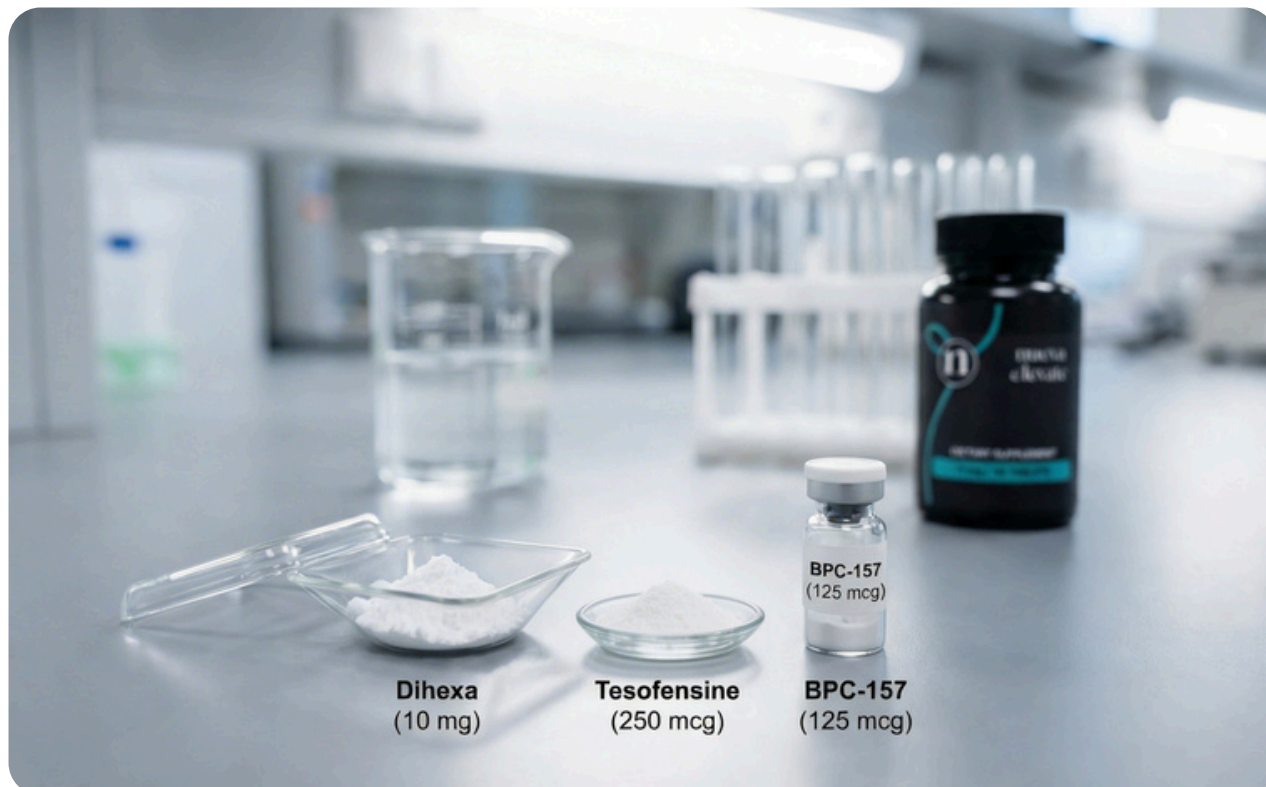

Busy Moms – For women managing full lives who want their thoughts to feel more organized and less noisy.

Everyday Achievers – For individuals navigating demanding schedules who want smoother thinking and elevated performance without burnout.

Wellness-Focused Individuals – For those enhancing how smoothly their Nueva Body and Beauty routines fit into real life.

CORE FUNCTIONS

Ingredient	Function / Purpose
 Dihexa	Studied for its role in supporting cognitive performance and organized thinking.* Supports mental flow and adaptability during demanding days.*
 Tesofensine	Studied for its role in balanced appetite signaling and reducing food-related distractions.* Supports mental bandwidth and a quieter relationship with food.*
 BPC-157	Studied for its role in tissue integrity and recovery from everyday stress.* Supports resilience and system stability for steadier performance.*

*These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease. Keep out of reach of children and pets. If you are pregnant or breastfeeding, consult your healthcare provider before use.

NUEVA ELEVATE — FAQ

What is Nueva Elevate?

Nueva Elevate is a systems-level enhancement formula designed to support mental flow, reduce everyday mental noise, and elevate daily performance.* It was created for people with busy minds and full schedules who want their thoughts to feel more organized, their attention feel freer, and their day move more smoothly.

What are the key ingredients and what do they do?

Nueva Elevate combines three advanced, research-inspired ingredients that support different layers of performance.*

- **Dihexa** – Studied for its role in supporting cognitive function, learning processes, and mental adaptability.*
- **Tesofensine (micro-dosed)** – Studied for its involvement in appetite regulation pathways and supporting focus around nutritional goals.*
- **BPC-157** – Studied for its role in supporting tissue health, gut-brain balance, and overall recovery from everyday physical stressors.*

Together, they support mental flow, reduced internal noise, and performance that feels steady, not forced.*

What does Elevate support?

- Smoother mental flow*
- Reduced everyday mental distractions*
- Supports mindful nutrition choices*
- Clearer decision-making*
- Steady mental energy without stimulants*
- Elevated performance during busy days*

Not wired.

Not dulled.

Just better flow.*

Does Elevate contain stimulants?

No. Nueva Elevate does not contain caffeine or traditional stimulants.

It is not designed to stimulate the nervous system or suppress appetite. Instead, it is formulated to support smoother mental flow and natural cognitive performance without relying on stimulants.*

Because Elevate may support mental clarity and alertness, some individuals choose to monitor or adjust their caffeine intake based on personal sensitivity. Individual tolerance may vary.*

How and when should I take Elevate?

Take Elevate as directed on the product label, preferably earlier in the day.

Many individuals prefer taking it in the morning or before mentally demanding activities. Because it may support alertness, taking it late in the day could interfere with sleep in sensitive individuals.

If you are sensitive to supplements or prone to mild nausea, taking Elevate with a light meal may improve comfort.

Does Elevate require cycling?

Yes. Elevate is designed to be used in cycles.

Suggested use is two months on, followed by one month off. Cycling allows the body time to reset and may help support long-term responsiveness.*

Can I take Elevate with other Nueva products?

Yes. Elevate can be used as part of a well-rounded wellness routine.

It is often used:

- Alongside Nueva Nitro for performance-focused days*
- During off-months when cycling off Nueva Body*

If stacking products, introduce them separately to assess individual response.*

Are there any side effects?

Elevate is generally well tolerated when used as directed. Some individuals may experience mild, temporary effects when first starting, such as:

- Mild nausea (more likely if taken on an empty stomach)*
- Headache (often related to hydration)*
- Temporary changes in alertness*

If adverse reactions occur, discontinue use and consult your healthcare professional.*

Who should consult a healthcare professional before use?

Consult a healthcare professional prior to use if you:

- Are pregnant or breastfeeding
- Have a medical condition
- Are taking ANY prescription medications

Always consult your healthcare provider before starting any new supplement.*

When will I notice results?

Individual experiences vary.

Some people report noticing smoother mental flow within the first few weeks, while others experience gradual benefits with consistent use.*

Results depend on lifestyle, hydration, sleep, and overall routine.*

Is Elevate tested for purity and quality?

Yes. Nueva Elevate is manufactured in GMP-certified facilities and undergoes quality control testing for purity, potency, and safety.

Each batch is evaluated to ensure consistent standards.*

Does Nueva offer a guarantee?

Yes. Nueva Elevate is backed by a 30-day money-back guarantee.

If you are not satisfied, contact Support within 30 days of the delivery date for refund eligibility (less shipping).*
